

Economic Conditions Around the World

Mini Presentation (15 points)

Task:

With a partner, conduct research to find out about the current economic condition of another country (your choice). You may use the *Bureau of Statistics* site or any other credible resources you find useful.

- Be sure to use some specific statistics (unemployment rates, GDP, national debt, etc.) to draw your conclusions.
- Mention how this country compares to the conditions of the United States (use specific statistics/examples)
- Other topics you can include are:
 - Types of labor, industries, pay and benefits, trends, imports/exports, etc.
 - What changes has this country gone through economically?
- Find photos, graphs, charts, or video to include (make your presentation interesting!)

International Economics Presentation Rubric

Provided detailed coverage of the economic conditions of the country (5pts)
